Lead Instructor – Instructor Name

## Frequently asked questions:

- 1) Why do I have to send copies on my firefighter 1 & 2 course completion certificates if I have a Minnesota fire certification board certificate or card?

Answer:

It is the course completion we are looking for. So, for example, if you sat through the course and didn't just test out we will need of a certificate that states you physically sat through the course. A Course completion certificate, fire Academy certificate, transcripts or a letter from a lead instructor would be examples.
