ENTREPRENEUR LAB

Sherburne County is pleased to share that we've launched an Entrepreneur Lab to provide ongoing support to local startups and existing businesses. Our Entrepreneur Lab provides the following services, at no cost, to entrepreneurs in our community.

STARTUP COACHING

Unlimited one-on-one, on-demand coaching helps move from business idea to open for business. We will help entrepreneurs plan; we also help them problem-solve and overcome the many obstacles that pop up along the way.

MANAGEMENT COACHING

Unfortunately, most new ventures fail within the first five years. One-on-one business management coaching helps established businesses overcome common challenges, develop clear goals, and keep a laser focus on the things that actually matter. The result - stronger, more successful businesses.

MONTHLY ROUNDTABLES

Rural entrepreneurs can feel lonely. Our roundtables expand their access to smart business owners from across the country. Roundtables help entrepreneurs tap into useful resources and critical knowledge. They also help reduce the "you don't know what you don't know" pitfall that can trip up businesses in small towns.
