

Water Treatment Facility Advanced Process Improvement

June 2021

*The Water Treatment Facility is staffed 24/7/365. For inquires or construction-related emergencies, please call (320) 255-7225.*

## CONSTRUCTION PROGRESS

There has been some delays with construction, due to excessive groundwater infiltration. The area in the photo used to be a water holding tank, but will be the new location of ozone and UV equipment. The second pictures is showing building membrane is being replaced, as it has lived past its expected life span.

### FAQs

A construction website was created. The website has additional project information. Please use this link.  
<https://ci.stcloud.mn.us/WaterProject>

The Webcam link is also on the Construction Website. Please click on that link for a live look at the construction project.
