

Water Treatment Facility Advanced Process Improvement September 2021

*The Water Treatment Facility is staffed 24/7/365. For inquires or construction-related emergencies, please call (320) 255-7225.*

## CONSTRUCTION PROGRESS

New 36" pipe was installed, one final section for completion. Once the final section is placed, pipe will get paint to meet American Water Works Association 12 State Standards for identification.

A plan has been formed on the appropriate way to eliminate the groundwater inside the tank, which will hold the Ozone and UV equipment upon completion of the project.

## FAQs

A construction website was created. The website has additional project information. Please use this link. <https://ci.stcloud.mn.us/WaterProject>

The Webcam link is also on the Construction Website. Please click on that link for a live look at the construction project.
