

The Water Treatment Facility is staffed 24/7/365. For inquires or construction-related emergencies, please call (320) 255-7225.

CONSTRUCTION PROGRESS

The equipment that creates ozone has been set into place. There is still a lot of work before this equipment will be up and functioning; including the installation of plumbing and electrical connections, monitoring instrumentation and controls. The vessel is pictured below, with a view inside the sight glass.

FAQs

A construction website was created. The website has additional project information. Please use this link.

<https://ci.stcloud.mn.us/WaterProject>

The Webcam link is also on the Construction Website. Please click on that link for a live look at the construction project.
